Re: Notice of Intention to
Commence Coal Exploration
Sunnyside South Lease
Emery County, Utah
CEP/015/004

Dear Mr. Wilson:

Thank you for your May 18, 1981 letter regarding Kaiser Steel Corporation's proposed coal exploration operations in Emery County, Utah. I have recently been placed in charge of exploration permitting here at the Division and was pleased to review your application. The plan meets the requirements of Parts 776 and 815 of the Regulations promulgated under the 1979 Act, "Regulation of Coal Mining and Reclamation Operations", Title 40-10-1 et seq., Utah Code Annotated, 1953. The Division hereby issues approval for the exploration operations as described in the exploration plans. It may also be necessary for the operator to obtain approval from the following offices: U.S. Geological Survey, Office of Surface Mining, Division of State Lands, Bureau of Land Management and Forest Service. Please enquire with each organization prior to initiating exploration activity.

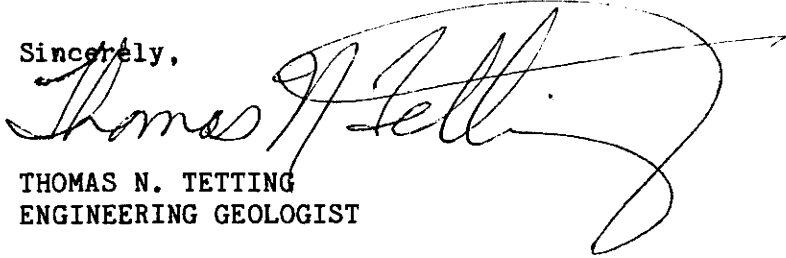

I have two requests to make: Who will be the responsible contact onsite, their address, and telephone number? Would it be possible to eliminate the construction of pads in the dry wash for the profile holes? Please advise.

Mr. Robert L. Wilson

Upon completion of the exploration operations the Division will require notification of completion and a description of the plugging and reclamation activities which have taken place for each site.

Thank you for your cooperation. If any questions should arise please call me.

Sincerely,

Dear Mr. Hedberg:

Kaiser Steel Corporation is submitting to the Oil, Gas and Mining Division of the Department of Natural Resources, two copies of our proposed exploration plan on federal and state leases located in Townships 16 and 17, Ranges 14 and 15, Emery County, Utah.

The attached document has been submitted to the Area Mining Supervisor, U. S. Geological Survey, Salt Lake City, and serves as our Notice of Intention to Explore.

A similar copy has been sent to the Division of State Lands. Should you have any questions, please do not hesitate to contact me.

Sincerely yours,

KAISER STEEL CORPORATION
